# About the Island

Taniti is a small, tropical island in the Pacific. While the island has an area of less than 500 square miles, the terrain is varied and includes both sandy and rocky beaches, a small but safe harbor, lush tropical rainforests, and a mountainous interior that includes a small, active volcano. Taniti has an indigenous population of about 20,000. Until a recent increase in tourism, most the Tanitian economy was dominated by fishing or agriculture.

Most people visit Taniti to enjoy the beaches, explore the rainforest, and to visit the volcano. However, there are other things to do, including visiting a local history museum, going on chartered fishing tours, snorkeling, zip-lining in the rainforest, visiting several pubs, including a microbrewery, dancing at a new dance club, seeing a movie, taking helicopter rides, playing at an arcade, visiting art galleries, and bowling. Also, a nine-hole golf course should be operational by next year. Many of these activities are located in Merriton Landing, which is a rapidly developing area on the north side of Yellow Leaf Bay
